Objective

I am a very motivated individual seeking an opportunity for an entry-level position in the web/graphic design field. I am currently on-target to graduate from Michigan State University in April 2025 with a bachelor's degree in Experience Architecture, and I am excited to put my learned skills to use. During my educational studies, I have gained experience in working with and leading teams, interviewing clients, and building communication/presentation skills. Prior to seeking my bachelor's degree, I spent 5 years in the United States Marine Corp where I have gained strong organizational skills which I feel helped my stay focused in completing my degree with high grades. I demonstrate a very strong work ethic, and I am very eager to begin using and improving my skillset with your organization.

Employment

Unites States Marine Corp - Jacksonville, NC (August 2017 – July 2022) **Inactive reserves (July 2022 – present)**

Specialty: MV-22 Osprey Airframer

As an MV-22 Osprey Airframer, I specialized in structural and hydraulic maintenance. I had a wide variety of experiences and qualifications that made me a great asset for the command for which I worked. Some of these qualifications

include all support equipment, APU start-up, Blade Fold Wing Stow, Hydraulic Contamination, and Tire & Wheel maintenance.

Mount Clemens Street Department - Mount Clemens, MI (Summer 2023)

During my summer break between the Spring and Fall semesters of 2023, I worked part-time for the city of Mount Clemens for their street department. This job mostly served as a way I could give back to my community. I worked on tasks such as Lawn Maintenance, Asphalt Patching, and other necessary tasks the community required.

MJR Movie Cinema - Chesterfield, MI (2016 – 2017)

- **Cashier/ Usher**

This served as my first taste of employment. I was responsible for a multitude of different tasks including serving patrons and cleaning up auditoriums. This was a great job for a high-school kid.

Awards & Acknowledgements

During my service in the Marine Corps, I have had a multitude of experiences. I have earned multiple medals and letters of appreciation for services I have done for either the Marine Corps or the local community.
